

## Vision

Fixle's vision is to be the leader for professionalism within the trade services, building commercial-customer relationships.

## Mission

Fixle's mission is to provide the tools and technology, processes and innovation to businesses and consumers for the purpose of improving quality, efficiency and output.

## Values

Fixle's values of trust, empathy, quality, community building, integrity and honesty are key to re-establish consumer confidence and to ensure quality within the trades services industries. Our values will maximise shareholder dividends, create jobs, and improve the community through various Fixle programs.
